RECOsystems RECO LAM 327

laminator for laminating pouches (A3)

The RECOsystems RECO LAM 327 is a very popular machine for office, copyshop or print house. The machine is ready 90 seconds after switching it on. It can laminate pouches with thicknesses from 2x75 - 2x250 mic. The temperature and speed are adjustable. So you can adjust the machine to a perfect laminating result, depending on paper thickness and pouch thickness.

Beside that the machine has an anti jam detection, so the machine reverses automatically if a possible jam is detected.

technical specifications:

- working width: A3, 330 mm
- pouch thickness: 2 x 75 - 2 x 250 mic
- max. total laminating thickness: 1 mm
- max. speed: 1500 mm/min
- heating up time: 1,5 min
- speed and temperature adjustable
- reverse function
- automatic switch off function
- automatic reverse (anti jam)
- overheat protection
- 6 rollers
- 1400 W
- 230V, 50 Hz
- weight: 6,4 kg
- dimensions: 530x175x100 (h) mm
