

the paper is illuminated with LEDs, so you see exactly where the cut is made

you can cut by pressing the „touch strip“...

...or by pressing the foot switch

RECOsystems RC 150 E (v2) / RC 200 E / RC 250 E

rotary trimmer

The RECOsystems RC 150 E (v2), RC 200 E and RC 250 E are professional, electric, rotary trimmers with cutting lengths from 1,65 - 2,5 m. The max cutting thickness is 1,1 mm. The machine uses LED lights which help you to see where the cut is made. The machine is operated by foot switch or a touch strip. The sturdy stand with castors makes it easy to move the machine around. The knife is self-sharpening.
